

Release Notice for Newdawn Personal Financial Organizer (PFO) Release 3-0.21

Version: 3.0

Build: 21

Release date: 2016-04-30

New and Enhanced Features

The following is a list of Features and new Functionality has been incorporated into the NewDawnPFO release 3.0.21

Bug Fixes

- An error with the budget and actual amount field colors not populating properly in the Transaction Manager detail panel has been fixed.
- Fixed bug that when leaving the TM panel without completing a transaction and going to the Account panel and then returning to the TM to complete the transaction, the transaction summary is erroneously populated with the main account and not the account initially selected. (Issue ND-0013).

New Transaction Features

- The number of transactions allowed for the free edition has been increased to 100.

New GUI Features

- **Transaction Manager:** The detail panel now lets a user fill in the actual amount field with a single mouse click on a new button called `Pin`. This feature is designed for cases where the budget amount and actual amounts are the same.

Operating Systems

Newdawn PFO is only supported on Microsoft Windows platforms (XP thru Windows 10).
